

# The European Connected Health Alliance is the Global Connector for Digital Health, connecting 78 Countries and 4.4 billion people

© ECHAlliance

## Join our Global Community

A powerful force for change in the delivery of health and social care – we can achieve so much more by working together.

## 40+ Ecosystems, 700+ member organisations, 16,500 contacts

We support our members to facilitate collaborative working and bring about meaningful change in health and social care. Membership is available at a range of different levels and associated benefits to suit you and your organisation. [Join now](#) and connect across our [Global Network of Digital Health Ecosystems](#).

## ECHAlliance International Digital Health Ecosystems

Connecting over 30 Digital Health Ecosystems across Europe, USA, Canada, China and the Commonwealth. Ecosystems are multi-stakeholder groups with patients at the core. They build permanent communities with quarterly meetings. They are communities of trust across geographic regions. Inter Ecosystem groups connect Ecosystems maximising shared learning.

The [Digital Health Observatory](#) (DHO) is a collaborative and not-for-profit initiative, in which we want to facilitate and promote the transfer of knowledge, creating a community of knowledge in digital health open to all professionals of the health ecosystem from local to global.

## International Projects

Our [Projects team](#) participates to international R&I projects in health, social care and digital innovation. We scout funding opportunities relevant to our community, build multidisciplinary consortia and design project concepts and proposals. We carry out policy and socio-economic studies, market analyses as well as exploitation and dissemination tasks to promote the uptake of projects' results.

More: [ECHAlliance.com/Projects](http://ECHAlliance.com/Projects).

The [Digital Health Society](#) (DHS) is an open, multi-stakeholder Digital Health thought leadership platform with several Task Forces with international experts and an Innovation and Implementation Factory able to bring “on the ground” innovations. With the DHS community, the “Coalition of the Doers”.
